

## CSA Camping guidelines to success for 2017.

- Seasonal camping passes are for Associate and Primary members. Guests of CSA events (regattas, Social events, etc.) can get temporary passes from the Harbormaster. If you feel that you have a special circumstance that is not within that guideline you can discuss it with Bob Winston or Dave Leimbach ahead of time for special consideration.
- Sign up for your 2017 Seasonal camping pass here:  
<http://www.csa-sailing.org/Camping.html>
- Sign clipboard hanging next to the harbormaster's door once you have your season camping pass or get temporary passes.
- All tents must be kept in the area that has a northern boundary of the pavilion's northern concrete pad and extending south towards the lighthouse. This area has sun or shade, very nice and soft green grass, a water spigot, flat area great for tents, is close to the pavilion, barbecue pits and the fire ring. But most importantly is right on the water. No cars allowed in the camping area. Carts will be available in the cart corral to transport gear to your camping site. Please return them immediately.
  - Display camping pass clearly on the outside of your tent, boat or vehicle were you are sleeping in.
- Boats with cabins can be used as tents when on trailers in their designated parking space.
- A car or pickup truck utilizing a single vehicle foot print is considered a tent but should be parked on the car parking lot.
- No hookups are provided
- You are encouraged to use the observation building during your stay and as shelter from storms but not as an overnight facility.
- These guidelines are in affect to help make camping at CSA safe and successful for all campers. Please abide willingly.
